06 January, 2020

Smt. Reva Nayyar Ji,

I extend my heartiest greetings for the New Year, an opportunity to start afresh. May the year 2020 bring peace, happiness, good health, and well-being for all.

Over the last five years, as a nation, we scaled new heights of development across all sectors and the fruits of development reached every section of the society. Driven by people's participation, the nation marched ahead with contribution from all segments.

I am sure that with the same spirit, we would continue to strive together to take the nation to even greater heights aimed at strengthening and empowering all.

May the New Year fulfil all your goals and aspirations. Please extend my good wishes for a joyous New Year to your near and dear ones.

Warm regards

Yours

(Narendra Modi)
